

If you are new to podcasts, you are in for a real treat! There is so much amazing content out in the world, we know you will find something you enjoy. These instructions will help you access the Highland Wonders Podcast, and from here we are sure you will be able to find anything!

Through Your Smart Phone (Recommended):

- There are many podcast apps available. The most widely known are: Apple Podcasts, Google Podcasts, Spotify, and Amazon Music.
- If you don't have a podcast app yet, visit your App Store (Apple App Store for iPhones, Play Store for Android) and search for "Podcast." You will find a few to choose from, but apps we know are easy to use are: Apple Podcasts (iPhone), Google Podcasts (Android), or Spotify (any phone).
- When you have the podcast app downloaded, simply search for "Highland Wonders" and look for this Icon. Click on the icon, and on "Subscribe." From now on, you will have the Highland Wonders podcast in your library, easily accessible.
- If you enjoy the material, don't forget to "Like" it on your favorite podcast app.
- One last tip: if you plan to listen when you are away from wifi, you will need to download the episodes so that they are saved to your phone.

Through Your Computer:
